

SAMSUNG IS THE PATRON OF THE FESTIVAL IN ŁÓDŹ

Samsung has taken patronage over the 10th International Festival of Photography in Łódź. The company will support all festival events: exhibitions, special events, workshops on photography and photo walks. For those who like challenges, we will have a special photo contest the best street creative photo – OUT OF HOME. Participants of the festival will also have an opportunity to see an exhibition of photos representing this distinctive style of photography.
